**Skin, Hair and Nails<sup>2</sup>**

**Antioxidant Action<sup>1,2</sup>**

**With Hyaluronic Acid**

Formula with hydrolyzed collagen, hyaluronic acid, and targeted nutrients that support the normal function of joints, skin, and connective tissues.

## INFORMATION

Collagen A.R.F. is a powdered food supplement formulated with hydrolyzed bovine collagen, which is highly bioavailable and provided in a high dosage.

The formula is enriched with hyaluronic acid, magnesium, zinc, vitamin C, and vitamin B6—carefully selected nutrients that help support the body's balance, particularly during periods of intense physical exertion or increased nutritional demand.

Its composition is specifically designed to support skin health, joint flexibility, and overall vitality—especially in the context of intense physical activity, sports performance, or increased nutritional needs due to age or lifestyle.

Collagen A.R.F. is also suitable for functional and cosmetic supplementation, offering a complete approach to self-care.

## RECOMMENDED FOR

- For those who want to support the normal function of joints and connective tissues
- For individuals engaged in regular or intense physical activity
- For those concerned with the health of skin, nails, and hair
- For adults aiming to maintain joint and bone functionality over time

# COLLAGENE<sup>®</sup> ADVANCED REVITALIZE FORMULA

## FOOD SUPPLEMENT WITH HYDROLYZED COLLAGEN

### ZINC, VITAMIN B6, VITAMIN C, MAGNESIUM AND HYALURONIC ACID WITH SWEETENER

## FEATURES

Collagen A.R.F. is a high-dose food supplement based on hydrolyzed bovine collagen, enriched with hyaluronic acid, magnesium, zinc, and vitamins C and B6. The formula includes ingredients that support the well-being of skin, hair, nails, joints, and connective tissues, addressing needs related to beauty, sports, and overall wellness. Collagen: a key structural protein found in joints, skin, and connective tissues, forming the structure of tendons, ligaments, and cartilage.

Vitamin C<sup>1</sup>: contributes to normal collagen formation for the well-being of skin, bones, and cartilage, and also has antioxidant properties. Zinc<sup>2</sup>: contributes to the maintenance of normal skin, hair, and nails. Vitamin B6<sup>3</sup>: contributes to normal protein metabolism and normal energy-yielding metabolism. Magnesium<sup>4</sup>: contributes to normal muscle function and electrolyte balance.

## INDICATIONS

Thanks to its blend of nutrients, Collagen A.R.F. is a valuable ally for musculoskeletal, skin, and connective tissue health. Ideal for individuals who engage in regular

physical activity, active people, and those wishing to support both internal and aesthetic well-being.

## HOW TO USE AND RECOMMENDED DAILY DOSE

It is recommended to take 15 g of product per day (equivalent to 3 full scoops), dissolved in a glass of water (approx. 200 ml). Preferably take in the morning, away from

main meals, to enhance absorption of the active ingredients.

## INGREDIENTS

Hydrolyzed collagen (bovine), magnesium citrate (magnesium), acidity regulator: citric acid; flavors, L-ascorbic acid (vitamin C), sodium hyaluronate (hyaluronic acid),

sweetener: sucralose; zinc picolinate (zinc), coloring: carotenoids; pyridoxine hydrochloride (vitamin B6).
